

TECHNICAL INFORMATION BULLETIN 2

As we near the official event dates, we wish to draw the participants' attention to the following information:

1) LOCATION

The Championships will be held at the University of Cape Town, in the sport halls of the Upper Campus. There is ample parking available and food is available on site. For more information on the venue, please visit:

<http://www.uct.ac.za/images/uct.ac.za/contact/campusmaps/big/uctuppercampus.jpg>

2) WEAPON CONTROL

Weapon control will take place at the venue; team managers are to submit equipment for a particular weapon on the day preceding the holding of that event. The armourers at weapon control will accept equipment for control purposes from team managers (or their formally registered representative) only.

3) EQUIPMENT

A number of fencing vendors will be present at the venue, stocking a range of equipment, clothing and spare. Please note that no name printing facilities will be available at the venue.

4) TEAM EVENTS

These Championships include a single formal team event: **Junior** category. No official Cadet team event will be held at this edition of the Championships. However, should there be enough interest and numbers warrant running a fun Cadet team event, and we also have the space and time within the formal program days to do so, then the Directoire technique reserve the right to hold an informal Cadet team event (non-medal event), involving interested Cadets who are not engaged in fencing on a Junior team.

5) UNIFORMS

In addition to the information provided in Bulletin no 1 regarding display of national emblems on the uniforms, please take note of the following requirements regarding publicity:

Publicity Rules

The CFF Championships will follow the FIE rules as printed in the latest translation published by the British Fencing Association which in summary are:

A. Marks - these identify the manufacturer or seller of an item of equipment and the sizes are clearly laid down. Manufacturers know what they are and items purchased from all well-known retailers will have marks conforming to the rules.

B. "Exploitation of the Fencers Image" - This refers to exploitation in the media etc. where the fencer is paid for his/her image. If this applies to anyone please read the rules carefully.

C. Advertising that is worn or carried. A logo from the company being advertised must not exceed 125 sq cms. and may be worn on top of sleeve on the unarmed arm (not sabreurs), side of breeches or on the socks. A maximum of four logos, total area not to exceed 500 sq cms. Any advert must be lawful within the nation where the event is taking place and not endorse alcohol or tobacco products.

Clothing Rules

Fencers must wear their name and national symbol on the back of their jackets - letters in dark blue capitals between 8 and 10cm in height. National colours (for UK fencers these are NOT GBR) on both legs, optional on arms.

Any other advertising or national identifications must be removed or covered up.

Track Suits may carry the National Identification on the back and one logo on the front right hand side of the track suit not exceeding 50 sq cm together with one small logo on the back collar. National Federations should be consulted before any advertising is worn on their track suits.

If the tracksuits are sponsored then the sponsor may already have put their logo on the track suit, if so this constitutes the total and no further logos may be worn.

The general clothing standards must adhere to the FIE standards.

6) ORGANIZATION

Please note

That information regarding the event is now available on both the CFF website and the following event website:

www.cfjcc2015.com

7) CONTACTS

For all questions of a technical nature, please contact:

Marie-France Dufour

Vice-President CFF and Chair of the Directoire technique at

Dufour.mf@sympatico.ca

And any request for information of an organizational nature should be directed to”

Sonia McGregor

Organizing Committee at
